

CLICKABLE PRESS RELEASE

We proudly present: mrs.Q

Breda – November 2014. At the Biennale Interieur in Kortrijk, Jacco Maris presented a new characteristic design for 2015: mrs.Q. Mrs.Q was received so well at this leading design expo in Belgium that The Netherlands simply cannot lay behind.

mrs.Q

The robust leather in the shade combined with the carefully designed metal stand characterise this new lady in the Jacco Maris collection. Mrs.Q's every curve has been carefully chosen, resulting in this perfect mixture of raw elegance.

The peculiarity of mrs.Q is in the details; the apparent simplicity of the stand, the special colour combination and its leather finish give this lamp a timeless, organic look and feel. Mrs.Q is available as a floor and wall lamp.

Specifications

- Stand material: the stand is available in brass, rough steel or with leather cladding.
- Shade material: leather
- Colour: natural, cognac, dark brown, black or green
- Versions: floor and wall lamp
- Floor lamp height: 215 cm

Jacco Maris

Jacco Maris has been designing and developing design lighting for twenty years. The company aims to combine design and functionality to create exceptional lighting. Light is a source of emotion, which Jacco Maris continually endeavours to capture in the perfect combination of forms and materials. The lights comprise intelligent shapes in commonly metal, which is designed, wrought and welded by hand. Each form is carefully selected and precisely created to achieve the finest results. Designs are not only functional, but also serve as works of art.
