ace

suspension lamp circle

ace

The Ace is a special LED circle fixture with rough leather details and an unique suspension. With his suspension on only one cable this circle is super adjustable by moving its smart leather tab. The Ace has a warm light which creates a very soft atmosphere. The u-shaped steel profile is powder coated and available in several colors. Because of the different driver box types the Ace is multiple applicable. The Ace is designed by Jacco Maris in cooperation with Meneer Voss.

benben

suspension lamp

benben

The Benben has a playful look and feel. The totem characterizes the design of the benben collection. It reminds you of 18th century Dutch woodturning craftsmanship. The pendant lamp is beautiful on its own or as a group, forming a superb art piece.

COCO

suspension lamp

COCO

The smooth Coco, designed by Jacco Maris and Wesly Boom, is shaped with the least amount of fuss. It has the look of a floating line of light. Beautiful diffuse light is spread through the translucent natural acrylic stone which is completely illuminated by the built-in LED element. The Coco collection is presented in 5 standard sizes and is available as a special in different sizes.

framed

The Framed collection, designed by Jacco Maris, is a collection of basic geometric shapes made of hot rolled steel profiles. The lighting system is integrated in the steel frame. The light lines displayed by this design emphasize the interior architecture in an unique way. They create a light spectacle against wall, ceiling, floor or table. The robust steel frame gives this collection a high functionality and multiple possibilities in terms of shape and scale.

needles & pins

Jacco Maris has designed Needles & Pins after falling in love with the amazing material. The shape with the waist gives the metal structure an extra twist. The warm LED light shines through Needles & Pins and therefore offers its surroundings unique reflections and shadows. As a group or individually this lamp will create a sophisticated atmosphere. Needles & Pins includes a collection of suspension lamps in various lengths made of brass or stainless steel.

ode 1647

ode 1647

As the name implies, the Ode 1647 collection from Jacco Maris Design is an ode to the luxurious chandeliers of the early seventeenth century. For this exciting collection the designer used special materials and techniques and thereby created a whole new asset for the high end chandelier market. The Ode 1647 collection consists, besides the chandeliers, of ceiling and wall lamps. The fixtures are available in several velvet shades. The Ode 1647 instantly adds glamour to any luxurious interior space.

floor lamp suspension lamp suspension adjustable lamp

outsider

The Outsider is an impressive lamp for indoor and outdoor use and intrigues due to its decorative simplicity combined with a huge dose of robust charm. The Outsider floor plate and arched frame are made of powder coated steel and the outsider head is made of cast aluminium. The diffuse light, spread through the large clear glass, is a delight for the eye.

solo

The Solo collection is named after Jacco Maris' dog Solo. A small paw print on the fixture is a subtle memorial to him. Each Solo is cast and polished by hand. Unique pieces of design, with a warm natural appearance due to its texture, that are provided with a pleasant diffuse light. They therefore have a quiet presence, yet a luxurious feel. The Solo collection is available in powder coated aluminium and bronze and can be finished with leather.

what?

wall lamp

what?

The What? takes you right back to the early days when candles had just been replaced by electrical lights. The beginning of a new era. What? is crafted out of high quality materials that remind you of those times, but are now linked to modern times by LED technology. The wall plate is cast in bronze and the light, spread around the room, has that familiar old-fashioned glow.
