

ace

The Ace is a special LED circle fixture with rough leather details and an unique suspension. With his suspension on only one cable this circle is super adjustable by moving its smart leather tab. The Ace has a warm light which creates a very soft atmosphere. The u-shaped steel profile is powder coated and available in several colors. Because of the different driver box types the Ace is multiple applicable. The Ace is designed by Jacco Maris in cooperation with Meneer Voss.

The Benben has a playful look and feel. The totem characterizes the design of the benben collection. It reminds you of 18th century Dutch woodturning craftsmanship. The pendant lamp is beautiful on its own or as a group, forming a superb art piece.

brass-O

The Brass-O fills the room with a delicate, diffuse light. It's a circular lamp in brass made with highend craftsmanship and has a luxurious appearance due to its finish. Combining different dimensions will create an extraordinary spectacle of light. Brass-O is available in brushed patinated brass or in high gloss polished brass.

clark

An exclusive wall lamp with an iconic shape. The Clark is quite different in its form and in the way it casts its light on the wall. This wall lamp is available in full casted aluminium with a powder coating or in full casted bronze. The light of the Clark goes up & down (also available as up or down light).

COCO

The smooth Coco, designed by Jacco Maris and Wesly Boom, is shaped with the least amount of fuss. It has the look of a floating line of light. Beautiful diffuse light is spread through the translucent natural acrylic stone which is completely illuminated by the built-in LED element. The Coco collection is presented in 5 standard sizes and is available as a special in different sizes.

The Framed collection, designed by Jacco Maris, is a collection of basic geometric shapes made of hot rolled steel profiles. The lighting system is integrated in the steel frame. The light lines displayed by this design emphasize the interior architecture in an unique way. They create a light spectacle against wall, ceiling, floor or table. The robust steel frame gives this collection a high functionality and multiple possibilities in terms of shape and scale.

mrs.Q

The robust leather shade combined with the carefully designed metal base characterises this lady in the Jacco Maris collection. Mrs.Q's appearance will keep you indoctrinated and would not be out of place in a 007 movie. It has a timeless strong look and feel, due to the natural color combination and its leather finish. Mrs. Q is available in brass, stainless steel and totally leather. The leather is available in several colors.

myka

Myka, designed by Jacco Maris, offers you a collection of different shapes, so you can be the creator of your own composition. Each composition will be adapted to its specific space, requirements and your wishes. Made of high gloss brass or brushed brass Myka provides a special luxurious design with a warm and soft LED light. Together the distinct shapes create a play of soft lines in the air. Myka is the example of bespoke design combining extraordinary lighting with a timeless look.

Jacco Maris has designed Needles & Pins after falling in love with the amazing material. The shape with the waist gives the metal structure an extra twist. The warm LED light shines through Needles & Pins and therefore offers its surroundings unique reflections and shadows. As a group or individually this lamp will create a sophisticated atmosphere. Needles & Pins includes a collection of suspension lamps in various lengths and is available in different materials.

ode 1647

The Ode 1647 is, as the name implies, an ode to the luxurious chandeliers of the early seventeenth century. Jacco Maris has used very special techniques and materials for this exciting collection. He has created a whole new asset for the high-end chandelier market. Such a special chandelier does add glamour to any interior. The Ode 1647 collection includes chandeliers, ceiling and wall lamps. The velvet lampshades are available in many different colors.

The Outsider is an impressive lamp for indoor and outdoor use and intrigues due to its decorative simplicity combined with a huge dose of robust charm. The Outsider floor plate and arched frame are made of powder coated steel and the outsider head is made of cast aluminium. The diffuse light, spread through the large clear glass, is a delight for the eye.

*Please add total length (bottom fixture to ceiling) to your order.

The Solo collection is named after Jacco Maris' dog Solo. A small paw print on the back of the wall fixture is a subtle memorial to him. Each Solo is cast and polished by hand. Unique pieces of design with a warm natural appearance due to its texture and provided with a pleasant diffuse LED light. They therefore have a quiet, yet luxurious presence.

The Solo indoor collection is available in cast bronze, cast powder coated aluminium or cast aluminium with a leather finish. The outdoor version is available in cast bronze and in powder coated aluminium.

what?

The What? takes you right back to the early days when candles had just been replaced by electrical lights. The beginning of a new era. What? is crafted out of high quality materials that remind you of those times, but are now linked to modern times by LED technology. The wall plate is cast in bronze and the light, spread around the room, has that familiar old-fashioned glow.
