

what?

wall lamp

what?

What? transports you back to the early days when candles were first replaced by electric lights, marking the beginning of a new era. Crafted from high-quality materials that evoke the charm of those times, What? seamlessly blends the past with the present, thanks to the innovative LED technology. The wall plate, beautifully cast in bronze, enhances the room with a warm, nostalgic glow that captures the essence of old-fashioned lighting, while embracing the modern convenience of LED.
